

City Development Agency of Banja Luka city (Bosnia and Herzegovina) is interested in developing of project proposals with other partners for the available development programmes (SEE, INTERREG ADRIATICO and other).

Hereafter, there are a few lines about the Agency We, the City development agency of Banja Luka city, are development agency established by Banja Luka city. Since established, we had been working on creation of strategic documents such as: City development strategy, Rural development strategy and SME development strategy. We are currently very focused on preparation and implementation of priority projects of greatest importance for development of Banja Luka city that were identified in strategic documents.

There are several fields we are mostly focused on. In order to stop rural-urban migration we are working to improve quality of life in rural part of the city (90% of territory) and the development of sustainable agriculture (small food production and processing farms of traditional products) and rural tourism. We, the Agency, give special attention to job creation projects and SME development such as clusters, techno business park, incubators, education for SMEs, utilization of renewable energy resources etc. Our staff is highly educated in the fields of our mayor interest and have significant experience in implementation of donor funded projects.

We will appreciate if you forward this email to potential partners in your country.

We look forward to our future collaboration and please do not hesitate to contact us if you need any additional information or have any queries regarding our questions.

Respectfully,
